below, the terminal part of any patent granted on the above-identified application that would extend beyond the expiration date of the full statutory term including any term extensions or elongations, as presently shortened by any terminal disclaimer, of U.S. Patent No. 6,866,088. The owner hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S. Patent No. 6,866,088, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantee, its successors or assigns.

The owner does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term including any term extensions or elongations, as presently shortened by any terminal disclaimer of U.S. Patent No. 6,866,088, in the event that it later lapses for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321, has all claims cancelled by a reexamination certificate, is surrendered pursuant to reissue, is reissued, or is otherwise terminated prior to the expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.
